- **Masks must be worn by everyone while inside the building regardless of vaccination status.**
- Indoor crating in the super skills area is available. Please bring a tarp or mat to place under your crate. We have a large entry so please conserve space where you can. It could be tight in the crate area depending on how many people crate inside.
- If crating from your car is an option, please come prepared to do that.
- Max course time for each run is 60 seconds. Be sure to leash your dog and exit the ring at the sound of the horn if not before. We have a very full event. Everyone needs to do their part to help us keep the event moving.
- Toys are allowed in the ring. Please let the judge know when entering if you will be running for a score or training.
- Placements 1-3 in each height will be awarded a prize and tickets to enter the "placement" raffles.
- There will be water and light snacks for workers but no real food. There are plenty of local places in short driving distance from the site but be sure to come prepared.
