

Attention exhibitors,

It is with sincere regret that we are announcing the cancellation of the Staten Island agility trial scheduled for July 18-19 at Multi Sports Kingdom in Manalapan, NJ. After careful consideration for our exhibitors and their dogs, Staten Island & Fast Times made this difficult decision because we feel cancelling is in everyone's best interest.

No other trials at this location will be cancelled!

A little more detail....There is a very large-scale event being held at the facility during this scheduled trial. While we deal with large basketball tournaments here almost every weekend, this one is different. For those of you that know anything about basketball, I'm sure you have heard of NBA player Kyrie Irving. His organization, The Uncle Drew Circuit, is hosting this event which is one of 3 events they are hosting across the country.

Besides those participating in the actual basketball tournament, the event organizers are expecting a very large public turnout. With their social media campaign, they are offering a bunch of vendors & NBA players onsite which will draw hundreds of extra people. What this means for us is the likelihood of it being very difficult to find parking. Also, while we could position people at every entrance to the turf, it will be difficult to keep the general public from overflowing into our rented area and for us to get to the restrooms.

MSK has been great in trying to help us figure out how to avoid cancellation, but unfortunately, cancelling is the right decision.

If you have any questions, please let me know and I'll do my best to answer them.

If you paid with a check, we will shred your check. If you paid via PayPal, I will spend the next few days issuing full refunds via PayPal. If you paid with a gift certificate or money order, we will arrange to get those returned to you.

Thank you for in advance for your understanding! I am personally bummed. I love both of these judges and was excited to run their courses. Hoping I can get them both back for this trial next year!
